DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

1. Claims 15 and 27-32 are allowed.

Claim 15 is limited to an electromechanical transducer. Applicant's instant amendment merely corrects a spelling error. Claims at 2 clm. 15.1. 6 (17 January 2008). Otherwise, this claim stands as allowed over the prior art of record for the reasons set forth in the Non-Final Rejection at 6 (20 March 2007) and the Final Rejection at 5 (25 July 2006).

Claim 27 is limited to a method for producing or attenuating sound pressure or vibration. This claim stands as allowed over the prior art of record for the reasons set forth in the Final Rejection at 7 (01 November 2007).

Claims 28-32 depend from claim 27, so these claims incorporate the limitations of claim 27. Because these claims incorporate the limitations of allowable claim 27, these claims are likewise allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
